Regulatory Framework

**Woven Housing Association – Regulatory
Judgement**

Report 2024/25

Introduction

The Department for Communities (DfC) is the Regulatory Authority for Registered Housing Associations (RHAs) in Northern Ireland. Housing Regulation Branch within DfC undertakes this regulation activity on behalf of the Department. We seek to protect the interests of tenants, homeless people and others who use the services provided by RHAs. To ensure this is achieved, RHAs must provide us with the necessary information on a regular basis to demonstrate how the Regulatory Framework Standards are being achieved.

RHA Background

Woven Housing Association (Woven HA), formerly Habinteg Housing Association (Ulster) Ltd), was founded in 1976 as a registered housing association in Northern Ireland.

It plans, develops and manages “integrated” housing schemes in both urban and rural areas and currently has over 2,700 properties at more than 100 locations. In addition to providing family homes, apartments and bungalows, Woven HA works with a number of partner organisations to provide specialised housing projects, including accommodation for people who are homeless and those who have additional support needs.

The association aims to provide housing which combines a range of dwelling types in order to appropriately meet the needs of the widest range of users and create thriving neighbourhoods.

Regulatory Approach

Through our risk-based and proportionate approach to regulating RHAs, we focus our attention on the important risks and key aspects of an RHA’s performance. This

includes having different levels of engagement depending on an RHA's risk and performance profile.

When we refer to risk, we are specifically referring to the risk to the interests of tenants and other service users. This perspective may differ from an individual RHA's internal assessment of its operational risks. This judgement has been completed in accordance with the risk-based Regulatory Framework (revised 2024).
