Regulatory Framework

North Belfast Housing Association Ltd – Regulatory Judgement

Report 2024/25

Introduction

The Department for Communities (DfC) is the Regulatory Authority for Registered Housing Associations (RHAs) in Northern Ireland. Housing Regulation Branch within DfC undertakes this regulation activity on behalf of the Department. We seek to protect the interests of tenants, homeless people and others who use the services provided by RHAs. To ensure this is achieved, RHAs must provide us with the necessary information on a regular basis to demonstrate how the Regulatory Framework Standards are being achieved.

RHA Background

North Belfast Housing Association (NB Housing) was established in May 2014 following the merger of two local housing associations. It provides in excess of 1,160 homes to tenants in the North Belfast area but is continuing to expand its portfolio into West Belfast and across other regions in Northern Ireland. Its services include supported accommodation for elderly tenants, accommodation and support for 18-25 year-olds, jointly managed schemes for vulnerable groups, and general family accommodation.

Regulatory Approach

Through our risk-based and proportionate approach to regulating RHAs, we focus our attention on the important risks and key aspects of an RHA's performance. This includes having different levels of engagement depending on an RHA's risk and performance profile.

When we refer to risk, we are specifically referring to the risk to the interests of tenants and other service users. This perspective may differ from an individual RHA's internal assessment of its operational risks. This judgement has been completed in accordance with the risk-based Regulatory Framework (revised 2024).
