Easy Read

What people think of our Disability Strategy

Easy Read

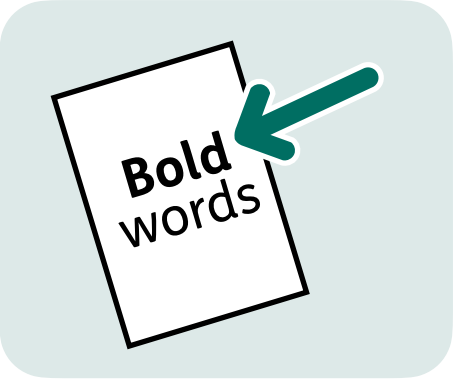

This is an Easy Read version of some information.

It uses easier words and pictures.

Some people may still want help to read it.

Some words are **bold** to show they are important.

We explain bold words if they are hard to understand.

About this booklet

Northern Ireland Executive
www.northernireland.gov.uk

This booklet is from the Northern Ireland Executive.

We are part of the government in Northern Ireland.

This booklet will explain what people think of our **Disability Strategy**.

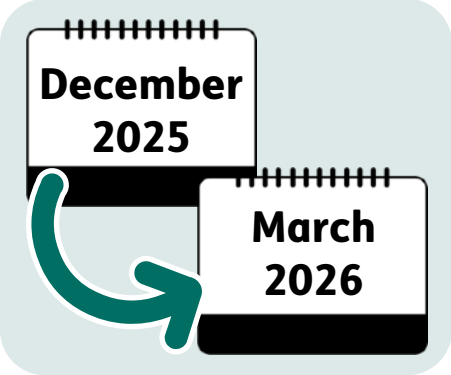

Our **Disability Strategy** is a plan for how we will make sure that Deaf and disabled people get the same rights as everyone else.

How we found out what people think

We found out what people think of our Disability Strategy by sharing a **survey**.

A **survey** is a set of questions for people to answer.

People had from December 2025 to March 2026 to fill in the survey.

122 people filled in our survey.

We made sure that Deaf and disabled people had a chance to say what they think.

We did this by:

- Sharing our survey in different ways, like in Easy Read.

- Running in-person events where people could talk to us about what they think.

What we found out

Almost all the people who filled in our survey said:

- They were happy with the work we have done towards our Disability Strategy so far.

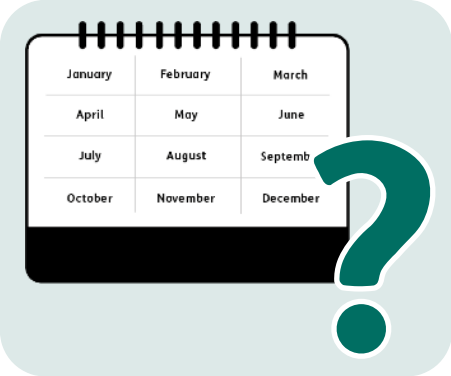

- They agreed with what our Disability Strategy said.

- They agreed with our suggestion to set up a **Regional Disability Forum**.

  The **Regional Disability Forum** will be a group of Deaf and disabled people who will give us advice about how to make our Disability Strategy happen.

Many people also said we need to:

- Include how and when the work in our Disabled Strategy will be done.

- Spend money and time on the work in our Disability Strategy, to make sure it is followed.

- Involve Deaf and disabled people in future work and decisions to do with the Disability Strategy.

- Make sure all parts of the government are following the Disability Strategy and thinking about the rights of Deaf and disabled people.
