

Castlereagh

Urban Integrated Development Framework

Introduction

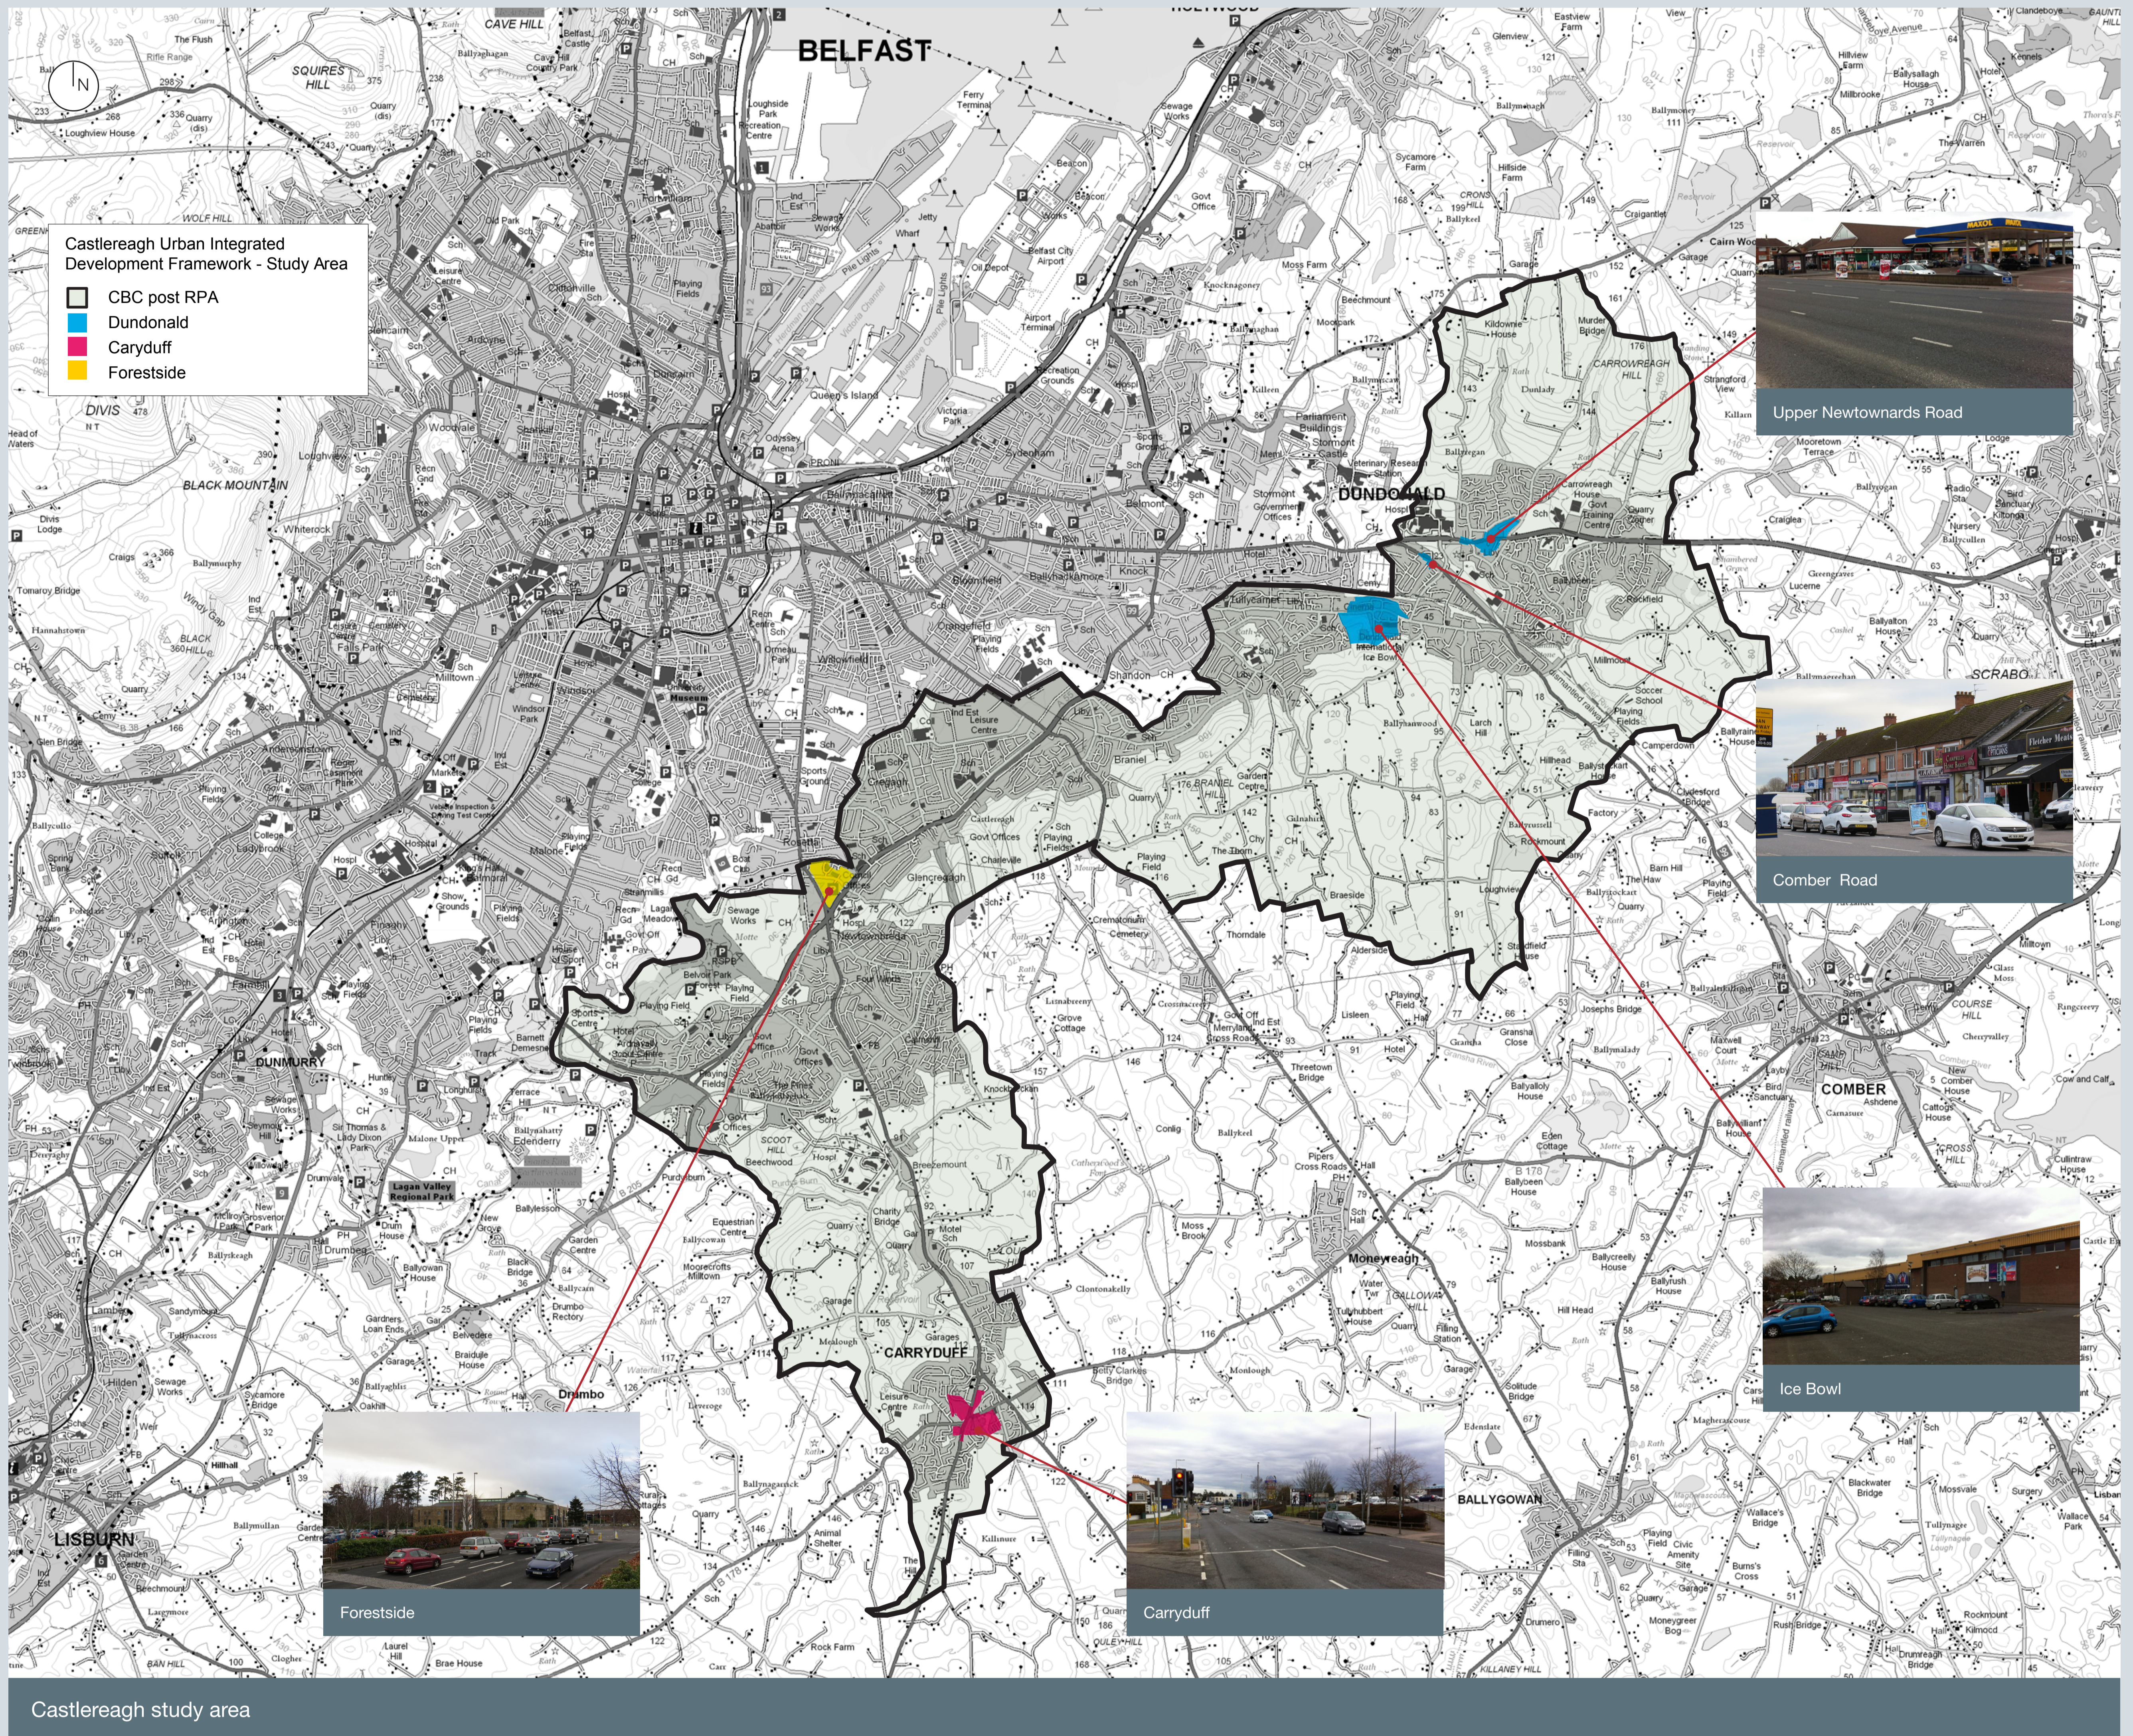

1

Welcome

Thank you for attending this exhibition.
We welcome your views on the draft proposals for the three study areas.

Please take your time looking at the information and feel free to complete a comment sheet.

The **Castlereagh Urban Integrated Development Framework (CUIDF)** is a joint project undertaken on behalf of Castlereagh Borough Council and the Department for Social Development. The project focuses on the three main urban centres within the borough of Castlereagh - Carryduff, Forestside and Dundonald.

Scope of the CUIDF

There are 4 main stages to the CUIDF:

- Stage 1 – Understanding the Baseline;
- Stage 2 – Preparing a Vision.
- Stage 3 – Formulating Draft Proposals.
- Stage 4 – Implementation.

We are currently at Stage 3 within the project.

Purpose of Exhibition

Draft proposals have been prepared for the study areas shown above. The proposals take account of the findings obtained from technical assessments and the results from independent surveys.

We are very keen to obtain your feedback on the draft proposals. A comment card is provided. You can complete the card as you review each section. If you prefer, you can email your response.
